

# WELCOME TO THE LOUBANA RESIDENCE

## THE RESIDENCE

The residence has existed since 2005. Originally, it was part of the centuries-old Ksar of Taghit and a family home. Now, we welcome guests to experience the warmth of this traditional home and the town of Taghit. The residence has eight bedrooms, two bathrooms, a comfortable lounge with a fireplace, and a beautiful terrace with views of the Ksar.

Start each morning with a complimentary breakfast served at our residence. We can arrange lunches and dinners on-site upon request and live local music can be organised for festive evenings.

Our team is happy to help you plan activities during your visit so you can experience all of Taghit's wonders.

As part of the logistics, we can also book transfers for you from Béchar airport or station to Taghit. Simply share your arrival details with us in advance and we will take care of the rest.
